

DETERMINING VALUE FOR BIFURCATED PROOFS OF CLAIM

Thursday, July 6, 2023 - 12 p.m. to 1 p.m. MDT via Zoom

The District of Idaho invites you to join attorney Aaron Bell, associate attorney at Evans Keane LLP in Boise, Idaho, and former term law clerk for U.S. Bankruptcy Judge Noah G. Hillen and U.S. Bankruptcy Judge Terry L. Myers, for a presentation on the intricacies of bifurcated proofs of claim, focusing on the elements and burdens involved in establishing value. Valuations of collateral for the purpose of bifurcated proofs of claim differ in potentially surprising ways from run-of-the-mill unsecured and fully secured claims. The presentation will address the following questions: Does the prima facie validity of a proof of claim simply establish value? Who can initiate a valuation? Who has the burden of proof on value? When can a valuation be initiated? What date is used to determine value? Are there differences between valuations of real property and personal property?

One hour of Idaho MCLE credit is pending approval. You do not need to RSVP or sign-up in advance of the discussion. Instead, please email your name, bar number, and Zoom ID (name displayed on screen when in Zoom) or phone number used to connect to clerk@id.uscourts.gov after the presentation to ensure proper reporting of attendance for MCLE credit. Please note that without sending this information, you will not receive MCLE credit.

To join the meeting, use the following link or call-in information:
